## Product Description

### Product Description:

Warranty: None  
Size: 12 Inches  
Accessories: None  
Color: Multi-color

### Applications:

Whether you are studying the human body in school or just want to learn more about it, this custom Life Cycle Figure Model product is an excellent resource. You can use it to teach students about the different systems of the body, including the circulatory, digestive, and respiratory systems. It can also be used to demonstrate the different organs and how they function within the body.

In addition to being a great teaching tool, this model is also a beautiful industrial scale model that can be used for display or as a collectible. It is highly recommended for anyone who is passionate about biology, medicine, or science in general.

The custom Life Cycle Figure Model product is suitable for people of all ages, with a recommended age of 3 years and up. It is perfect for use in classrooms, medical offices, and even at home. With a minimum order quantity that can be negotiated, you can easily order this product for your own personal use or for use in a larger setting.

Ordering is easy and payment can be made through Western Union, T/T, or Paypal. Delivery time is quick, with orders typically being shipped within 5-15 days. While there is no warranty on this product, you can trust that it is made with the utmost care and attention to detail.

Overall, the custom Life Cycle Figure Model product is a must-have for anyone who is interested in learning more about the human body. It is a high-quality product that is made in China and certified with CE and CCC standards. Order now and experience the benefits of owning this incredible human body organs model.

### Customization:

Delivery time for this product is estimated to be between 5-15 days, depending on the destination. Payment terms accepted include Western Union, T/T, and Paypal. The product weighs 1 pound and care instructions include wiping it clean with a damp cloth. This product is recommended for ages 3 years and up, and does not come with any accessories.

The Life Cycle Figure Model is a great addition to our line of Anatomy Skull Model and Human Body Torso Model, and is sure to be a hit with science enthusiasts. The product comes in multi-color, making it visually appealing and engaging.
